Date: July 24, 2007

Subject: Request for Info - File #0352-EX-PL-2007

Message:

1. There are no emissions present for either frequency band. Return to our filing site at <https://gulfoss2.fcc.gov/oetcf/els/index.cfm> and use the "Amend/Complete Application" link to enter the data required. Emissions are described in Part 2.201 of the FCC's rules.
2. Submit a narrative statement describing in detail the program of research and experimentation proposed, the specific objectives sought to be accomplished; and how the program of experimentation has a reasonable promise of contribution to the development, extension, or expansion, or utilization of the radio art, or is along lines not already investigated.

Note: Since you have asked for only a six month period of operation, this should have been filed as a Special Temporary Authority. We will process it as such, but next time we encourage you to use the proper filing option.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of July 24, 2007 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.

DO NOT Reply to this email by using the 'Reply' button. In order for your response to be processed expeditiously, you must upload your response via the Internet at <https://gulfoss2.fcc.gov/prod/oet/cf/els/index.cfm> by clicking on the "Reply to Correspondence" hyperlink.
