Subject: Request for Info - File # 0894-EX-CN-2019

Message:

Address NTIA's comments below:

"The applicant still has not specified why they are using the paired channel plan (Table 3) and not the single channel (Table 8) channel plan. Their records are not paired. A system operating on a single channel from the paired channel plan is wasting spectrum. The second frequency from the pair goes unused and cannot be assigned because the first frequency is assigned.

"Is there an equipment limitation that prevents them from using C13, C14, or C15?"

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of April 10, 2020 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
