Message:

We have received a letter of concurrence from the NRQZ (NRQZ ID 260507A). Pursuant to comments from the Sugar Grove Research Station, we have agreed to exclude transmissions from 30.56 - 32.0 MHz (NRQZ#260507A-01) and 33.0 - 34.0 MHz (NRQZ#260507A-02). I have been attempting to amend the application to delete the indicated subbands (via the FCC OET Amend/Complete Application Link) but my attempts are producing database error messages. Attempts to upload the letter of concurrence (PDF format) using the Add Attachments link have also not been successful. Is there an alternate method for providing the letter of concurrence?
