STA CONFIRMATION NO: EL804918

FEE – WAIVER JUSTIFICATION

The requested broadcast operations are a non-profit public service in support of a non-profit organization at a non-profit event.

The purpose of the station is to provide background music and scheduling announcements to attendees at a non-profit event known as Estrella War 21 that will be held at Estrella Mountain Regional Park, Casey Abbot Recreational Area, Goodyear, Arizona. The event site covers approximately 70 acres and has previously been attended by 3,000 – 8,000 people. The event is hosted by the “Society for Creative Anachronism, Inc” (SCA), a non-profit organization, details of which can be reviewed at www.sca.org. Details of the event itself are available at www.Estrellawar.org.

The transmitter is composed entirely of “home-built” circuitry and shall not be offered for sale or trade to any party. The designer responsible for the transmitter system has over 30 years experience in such work. The equipment designer is the equipment owner and operator. As such he is solely responsible for it’s use and program material.

The system has been developed for and is made available to the SCA audience at the event without charge on a volunteer basis, and is not funded, endorsed or otherwise the responsibility of the SCA, its officers, or the organizers of the event. The only remuneration exchanged in return is that of site-fee waivers as a staff member or “autocrat” for the event, amounting to less than \$50 cash value.
