Subject: Request for Info - File #0010-EX-PL-2007

Message:

The frequency band 3500-3650 MHz is not allocated for WiMAX operations in the United States. This band is allocated for federal government use. NTIA will not approve the use of this band for WiMAX operations unless it is for equipment to be used in export markets. Either justify the use of this band under the above guidelines or adjust the frequency band by using the "Amend/Complete Application" filing option on our electronic filing site.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of June 22, 2007 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
