Subject: Request for Info - File #0010-EX-PL-2007

Message:

Since EBS and BRS licensees have a 56 km protected service area, the Wireless Telecommunications Bureau has directed you to use a $56 + 16 = 72$ km radius for your ULS search. You need to re-run your search and either come up with vacant spectrum or consent letters from affected EBS/BRS licensees. After you have responded accordingly to this email, we will grant those frequencies within the 2500-2590 MHz band that are vacant or have consent letters.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of November 08, 2007 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
