Subject: Request for Info - File #0426-EX-PL-2015
Attachments: DA-01-2435A1.pdf; example cr letters.pdf; BisonSat.Salish.API.seb15109.9mar15.doc

The FCC's International Bureau requires the submission of SpaceCap data in order to complete evaluation of your application. In accordance with the provisions of Article 9.1 and Appendix 4 of the Radio Regulations, mandatory submission of a SpaceCap file for each individual space station is required. The software and instructions may be downloaded from the ITU link <http://www.itu.int/en/ITU-R/software/Pages/spacecap.aspx>. Submit the results to my FCC email address, Douglas.Young@fcc.gov, as a zip file and rename the file to have an extension of something other than *.zip to avoid problems with the FCC's firewall.

This application requires a cost recovery letter and an ITU cover letter to submit the API SpaceCap file. The cost recovery Public Notice and some example cost recovery letters are attached. In addition, a draft ITU cover letter is attached. The applicant should provide the points of contact information mentioned in the ITU cover letter.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of August 04, 2015 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
