Subject: Request for Info - File #0594-EX-PL-2013

Message:

1. You listed JPL as the contracting government agency and supplied a contract number. We also need the name of a government point of contact responsible for this contract and a phone number where they can be reached.
2. You said that the transmitter orientation (XAP) is right hand circular but wrote "XAP01T." "T" stands for right and left hand circular while "R" stands for right hand circular. Which is correct?
3. You said that a ground station has not been selected. Has one been selected since your response to our last inquiry? If so, is that station transmitting and is it already licensed? If it is not licensed and is transmitting, you will have to list it as a fixed station in the current application. If one has not been selected at and it will be transmitting and it is not currently licensed, then we cannot coordinate the application with relevant parties until that information is known. Submit any new relevant information pertaining to this question.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of November 04, 2013 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.

DO NOT Reply to this email by using the 'Reply' button. In order for your response to be processed expeditiously, you must upload your response via the Internet at <https://apps.fcc.gov/oetcf/els/index.cfm> by clicking on the "Reply to Correspondence" hyperlink.
