Date: July 06, 2015

Subject: Request for Info - File #0412-EX-PL-2015

Message:

1. Your application requires coordination of 74.8-75.2 MHz with two FAA Regional Frequency Management Offices using the procedures below.

For HI, the Federal Aviation Administration (FAA) Western Service Area should be contacted at:

Federal Aviation Administration
James Motley (Western Service Area)
James.motley@faa.gov
(310) 725-3474

For FL, MA and PR, the Federal Aviation Administration (FAA) Eastern Service Area should be contacted at:

Federal Aviation Administration
Stephanie Thomas (Eastern Service Area)
Stephanie.thomas@faa.gov
(404) 305-6674

Please report the following information to the FAA Regional Frequency Management Office.

- type of antenna;
- transmit antenna gain;
- elevation above sea level of the antenna site;
- height above ground of the focal point of the antenna;
- antenna polarization;
- the azimuth that the antenna is pointed or appropriate designator to indicate whether the antenna is rotating, non-directional, etc.;
- equipment nomenclatures;
- radius of operations if appropriate;
- detailed description of the proposed operation to include any technical parameters that will be altered during operations.

Report back to this office when coordination with the regional offices has been completed, and report any "NGT" numbers assigned by the regional office.

2. Use of Military Assignment Group (MAG) frequencies (225-328.6 and 335.4-399.9 MHz) requires provision of a government POC with phone number.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of July 06, 2015 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
