Special Conditions:

- (1) This authorization is granted for the purpose of operating radio frequency devices (unintentional radiators) to determine quality, performance, and customer acceptance. These devices are not authorized under Part 15 of the FCC Rules at the present time and may not be marketed without FCC authorization. These devices may be marketed in limited quantities to entities involved in design and development as described in application for authorization.
- (2) All transmitting and/or receiving equipment used in the study shall be owned by the licensee.
- (3) Prior to equipment authorization or a determination of compliance, the device must be accompanied by a conspicuous notice worded as follows: "This device has not been authorized as required by the rules of the Federal Communications Commission. This device is not, and may not be, offered for sale or lease, or sold or leased, until authorization is obtained."
- (4) All customers participating in the experiment shall be informed that this operation is for experimental purposes only and can be cancelled at any time.
- (5) In lieu of frequency tolerance, the occupied bandwidth of the emission shall not extend beyond the band limits set forth above.
- (6) Licensee should be aware that other stations may be licensed on these frequencies and if any interference occurs, the licensee of this authorization will be subject to immediate shut down.
- (7) Tabletop Media must coordinate with the Fixed Microwave Service licensees and the local Society of Broadcast Engineers frequency coordinator prior to operation in 2.402-2.480 GHz band.
