Subject: Request for Info - STA File #0199-EX-ST-2007

Message:

The requested period of operation has now passed. Are you still interested in pursuing this application? If so, you need to supply the following info: 1) A more detailed explanation of what you are doing; 2) A narrowing down of your frequency request or an explanation why you need the entire 1920-2170 MHz band, since some of that band is not allocated for commercial services and some is allocated for government use; and 3) Since there are no emission and bandwidth data present in the application, you will need to return to our electronic filing system and use the "Amend/Complete Application" filing option to enter these data. You can use Parts 2.201 and 2.202 of the FCC's rules for guidance.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of September 04, 2007 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.

DO NOT Reply to this email by using the 'Reply' button. In order for your response to be processed expeditiously, you must upload your response via the Internet at <https://gulfoss2.fcc.gov/prod/oet/cf/els/index.cfm> by clicking on the "Reply to Correspondence" hyperlink.
