Subject: Request for Info - File # 0398-EX-CN-2026

Message:

We are unable to process your application because it is missing a significant amount of required information. Please complete the application as soon as possible to avoid it being dismissed.

- Enter the city and state for each specific test location.
- Based on your updated description of the fixed and temporary ground based test nodes, please adjust your requested radius of operation. • Has the company received any FAA approval or certification to operate UAVs? If so, please attach it to the application exhibit.
- If the company has multiple test sites, please list each site under a separate antenna entry.
- Explain how the company will mitigate and resolve interference if its operations cause harmful interference to government or licensed services.
- Enter the ERP (Effective Radiated Power) on the application form
- Provide stop buzzer information, including the individual responsible for shutting down the system immediately if interference occurs

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of May 08, 2026 may result in application dismissal pursuant to 47 CFR § 5.67 and forfeiture of the filing fee pursuant to 47 CFR § 1.1111.
