Subject: Request for Info - File # 0620-EX-CN-2026

Message:

NTIA objected to authorizing the frequency 162.025 MHz because the emission designator reflects a 16 kHz bandwidth, which exceeds the 12.5 kHz limit for the 162–174 MHz band. If the company wishes to obtain approval, please revise the emission designator bandwidth to 12.5 kHz on the application form.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of June 11, 2026 may result in application dismissal pursuant to 47 CFR § 5.67 and forfeiture of the filing fee pursuant to 47 CFR § 1.1111.
