Message:

I will not guarantee that the experimental licensee application will be approved at the start of the testing on September 12, 2012. Do you concur to changing the Start Date and End Date? If so, please report the new Start Date and End Date (allowing at least one to two weeks for processing preceding the new Start Date). For future reference, please submit the application at least 20-25 days before the start of the experimental. We need 15-20 days (meaning when the application is in our hands) to work on it because we do have other companies; as well, waiting for their approval applications. We work as it comes, not randomly picked.

Please provide the following information in order to process the application:

- 1) You have requested confidentiality. The antenna, frequency and emission information will not be made confidential, but the exhibits may be made confidential and require that you address the statements under 47 CFR, Part 0.459(b)1-9. The answer to 1 should ONLY be the titles of the exhibits for which you are requesting confidentiality. All responses for 1-9 must be non-confidential as that document will be made viewable to the public.
- 2) Please prior coordinate and obtain consent letter(s) using the requested frequency band (700-2000 MHz) with the incumbent licensees in the proposed area. At the end of coordination please attach those consent letter(s) to your application.
- 3) And just to get a clarification, is this experimental use for "Cell Phone Jamming?" If not, please provide the description of the operation to be conducted and its purpose in more details.
- 4) Please provide the ERP power?
- 5) Please provide a designated point-of-contact to terminate transmissions if interference occurs?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of September 14, 2012 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
