Mr. Kennedy:

Per your conversation with Joe DiBella, Verizon Counsel, attached please find Form 442, for our application for a new Experimental License. Per those discussions, we would appreciate expedited treatment of the application so that there is no lapse in coverage after the expiration of the current license on July 1, 2003. As you also discussed, the Corporate name change from Bell Atlantic Science and Technology, Inc. to Telesector Resources Group, Inc. (d/b/a Verizon Services Group) resulted from the merger of Bell Atlantic and GTE into Verizon and the simultaneous merger of Bell Atlantic Science and Technology, Inc. to Telesector Resources Group, Inc.

We would also like to keep the same call sign, KF2XBX.

Enclosed, please also find a check for \$50.

Thank you in advance.
