Message:

Dear Ms. Nguyen:

Please reference to Exhibit F document that I have just uploaded for the response to your correspondence reference # 30250.

I have also updated the document to remove the RF transmit in frequency band 19.7GHz-20.2GHz.

Please let me know if there are other questions, concerns, or issues that you would like Thales to resolve for this application.

Thanks again for your correspondence.

Best Regards,

Nho Vo
