 - c. Our Letter, 4-7700-DLB-90-533A, August 6, 1990, Subject: Application for Experimental Radio Station - Traffic Alert/Collision Avoidance system (T/CAS) Ramp Tester at Paine Field, Everett, WA

Mr. Wright,

Request you extend the expiration date of the STA, reference (a), from December 1, 1992, until December 1, 1993. This extension is required to permit continued use of T/CAS Ramp Testers to perform initial and follow-on certification of aircraft as defined in FAA Advisory Circular Number 20-131.

Should you have any questions or desire additional information, please contact Bob Douglass at (206) 393-3838, M/S 6Y-65.
