Dear Proponent

Normal services interrupted due to the Government Shutdown. A reply to your request might be delayed.

Your Frequency Coordination Request has been successfully submitted to the FAA Spectrum for review

Tracking Number(s): TRK 190049

Your request will be reviewed by the assigned FAA Band SME and you will be kept informed throughout the process, as necessary. The goal is to address all coordination requests within 30 days or less, however, the FAA cannot guarantee the availability of spectrum in some geographical areas for experimental testing.
