Attention: Terra Thomas

SUBJECT: Letter of Intent – E4B HCX Subscription

1. This letter serves as notification it is the Government's intent, contingent upon funds availability, to renew the High Capacity Cross-Over (HCX) Steerable Spot Beam Satellite Communications Subscription Services provided on FA8134-19-F-0001-P00008 for a 12 month period beginning on 01 April 2020 and ending on 30 Mar 2021.
2. This intent does not commit the Government as funds are not currently set aside for this effort. In addition, we understand Air Force Global Strike Command (AFGSC) is attempting to provide an order for this same service for the E4B. They are doubtful they will meet their timeline and this order will likely fall upon AFLCMC/WVV. We anticipate completing the order no later than 28 February 2020, contingent upon funds availability and AFGSC not having a contract vehicle in place to continue HCX service on 1 April 2020. Should our intention to place an order change, we will notify you immediately.
3. If there are any questions, please call Melony Adamski at 405-736-4983, or email to melony.adamski.1@us.af.mil.
