Subject: Request for Info - File # 2144-EX-ST-2019

Message:

International Bureau requests the additional information:

-The Boeing Company will need to submit the orbital debris mitigation information required under Section 5.64 of the rules.

Alternatively, the applicant can submit information to demonstrate that Exactview EV1 (Canadian satellite) debris mitigation plans are subject to direct and effective regulatory oversight by the national licensing authority for the satellite. Assuming this is the Canada, this could consist of a statement that the Exactview EV1 satellite has been registered with the UN Office of Outer Space Affairs by the Canada, that the Canada Space Agency has reviewed and approved the debris mitigation plans for the satellite, and that the satellite is currently operating pursuant to an authorization for space operations granted under the Canada Outer Space Act.

Alternatively, the applicant can submit information to demonstrate that Exactview EV8 (Spanish satellite) debris mitigation plans are subject to direct and effective regulatory oversight by the national licensing authority for the satellite. Assuming this is the Spain, this could consist of a statement that the Exactview EV8 satellite has been registered with the UN Office of Outer Space Affairs by the Spain, that the Spain Space Agency has reviewed and approved the debris mitigation plans for the satellite, and that the satellite is currently operating pursuant to an authorization for space operations granted under the Spain Outer Space Act.

- Please also provide ITU filing information for Exactview EV1 (Canadian satellite) and Exactview EV8 (Spanish satellite).

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of December 05, 2019 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
