

RE: Purpose of Modification to Experimental License

WD2XCT - 0049-EX-ML-2005

The Boeing Company

The purpose of the modification is to delete all references to receive frequencies on this license in the 18300 - 18800 and 19700 - 20200 MHz range, as well as, to add Emission Designators of N0N, 650KG7W, 2M61G7W, 20M9G7W and 40M0G7W on the 13.1 and 8.1 meter antennas. The final modification is to increase the authorized power on Emission 1M30F9D of the 13.1 meter antenna to 1860 MW (ERP).
