Message:

Leann,

The locations have been added to the application. I do have a question concerning a mobile air operation that they would like to conduct. The program wishes to operate the KU Band terminal on a ferry route from Lakehurst NJ location to Eglin AFB and a separate operation Ferry Route from Lakehursts NJ to Ft. Huachuca AZ. I would like to request a CONUS wide license to operate the system, but what would be the best way to submit this in order to operate MOBILE AIR from Lakehurst, NJ to AZ and NJ to FL?
