

July 18, 2014
GG-EE6F-ASL-14-1017

**Federal Communications Commission
Experimental Licensing Branch
445 12th Street, S.W., Room 7A-321
Washington, D.C. 20554**

Pursuant to Section 5.77(a) of the Commission's rules, this letter provides notification that The Boeing Company intends to operate a new antenna type as part of the experimental authorization, call sign WE2XDV, and file number 0202-EX-RR-2013.

The new antenna to be added to this experimental operation is the ViaSat Global Aero Terminal 5320, and the ViaSat VR-12C antenna system. All terms and conditions of the license, as well as the stated program of experimentation will be adhered to, including the license power, emissions, and antenna spectral density requirements outlined in CFR 47, Part 25.

Sincerely,

A handwritten signature in black ink, appearing to read "Ronald E. Center", with a long horizontal stroke extending to the right.
