

GG-GG-EE6F-REC-13-1001
January 13, 2013

Federal Communications Commission
Experimental Licensing Branch
445 12th Street, S.W., Room 7A-321
Washington, D.C. 20554

Pursuant to Section 5.77(a) of the Commission rules, this letter provides notification that The Boeing Company intends to operate a new antenna type as part of the experimental license authorization, call sign WD2XFK, file 0241-EX-ML-2011.

The new antenna to be added to this experimental operation is the TECOM model KuStream 1500. All terms and conditions of the license and the stated in the program of experimentation will be adhered to, including the license power, emission and special conditions, as well as antenna spectral density requirements outlined in CFR 47, Part 25.

Sincerely,

Ronald E. Center
Manager, U.S. Spectrum Management
