Dear Freq Mgt Svcs M/C: 2T-22,

This refers to application, File No. 0241-EX-PL-2009, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. Interference would be caused to numerous critical Federal Government systems and existing licensees operating in the bands requested. It is suggested that Boeing works with the Federal Aviation Administration (FAA) to select specific frequencies and get FAA NG T numbers before re-submitting a new application for experiment.
