

TEST OVERVIEW

Manufacturer: FreeWave

Model: MM2 -TTL 900

Frequency Band: 902-928 Mhz

1) Quantity FHSS, Request Frequency Hopping from 902-928 MHz

Emissions: 230KF1D

Transmit Output Power: 1.5 Watts

Antenna Gain: 3 dBi

ERP: 1.8 Watts

Station Class: MO

SYSTEM DESCRIPTION

The FreeWave MM2 series of radios is a small form factor high performance radio used in

applications ranging from unmanned aerial vehicles (UAVs) to unmanned ground vehicles

(UGVs), and more.
