

The FAA has requested that we modify the current license to reflect the new Air-to-Air testing frequencies. The NGT numbers for each are located in the document labelled "NGT for TACAN Request Palmdale", also attached.

The license has been changed through the FCC OET Application Site as well as being reflected in this document.

The following Air-To-Air frequencies are being requested for this license WH9XLT...

1053 MHz
1055 MHz
1061 MHz
1063 MHz
1065 MHz
1067 MHz
1132 MHz
1134 MHz
1099 MHz
1036 MHz
1042 MHz
1058 MHz
