Dear Proponent,

Your Frequency Coordination Request has been engineered by FAA Spectrum Engineering. TRK 170710 is assigned an FAA Coordination number NG T170287 which indicates FAA's concurrence. Please note that this does not constitute authority to transmit.

A formal application must be filed with the FCC, that includes reference to the above FAA Coordination number which is valid until 12/23/2017. If an extension is desired, please submit an inquiry via WebFCR for an extension. Your authority to transmit accordingly must be obtained from the FCC.
