Thank you. The original frequency information of 21750-22250 was just for a center frequency of 22000 MHz.

I added the correct band to the UPDATED Tech Info Attachment.

I also changed the X to 1 and the 2G57 to 2G50 for the bandwidth.

The new Emission Designator should be 2G50W1C.

Thank you very much, and please let me know if you need anything else.
