Purpose:

Terminal to be used for demonstration purposes to Military Ka users. Terminal will communicate with INMARSAT 5 F2/F3 intermittently during demonstrations. Demonstrations will be conducted on a strict non-interference basis. Outside of demonstrations, transmissions for testing purposes will be conducted also adhering to strict non-interference basis along with any necessary coordination with local users.

Boeing is requesting to transmit Earth-to-Space 30-31 GHz. A request for the 20.2 -21.2 GHz Space-to-Earth allocation is also requested to allow the Inmarsat Satellite to transmit over the requested locations.
