Message:

The updates have been made in a new narrative version named "Narrative Rev1.pdf". This includes the additional info on devices, locations etc.

The NTIA space record has been submitted.

We confirm the deletion of the space-to-Earth link.

If you agree, we propose to delete the "Narrative.pdf" that has been uploaded on 01/21/2021 as well as the "Additional Information.pdf" from 02/05/2021, since these are outdated.
