

June 6, 2018

To Whom It May Concern,

Liam David is a student of Thomas Jefferson High School for Science and Technology and in the Energy Systems Lab. He has permission to apply for an Experimental License to the FCC for conducting research related to the use of an Iridium modem as a means of communication on small satellites. Please contact me if further details are needed at mspiccione@fcps.edu.

Michael Piccione

Energy Systems and Engineering Design Lab Director
Thomas Jefferson High School for Science and Technology
Einstein Fellow Emeritus, National Science Foundation
