Subject: Request for Info - File # 0950-EX-CN-2018

Message:

Dear Ms. Nguyen:

On behalf of the Thomas Jefferson High School Partnership Fund, Inc. ("TJHSPF"), we hereby respond to the Commission's May 20, 2019 correspondence requesting information regarding the pending TJHSPF application.

The TJHSPF experimental cubesat, TJ REVERB, will communicate with the Iridium satellite system in L-band as described in the Technical Description and accompanying Form 442. TJHSPF has coordinated with Iridium and its counsel (Joseph A. Godles of Goldberg, Godles, Wiener, & Wright LLP) and understands that the related Iridium application for communication with the TJ REVERB satellite will be finalized and filed in the next several weeks.

The launch of the TJ REVERB experimental cubesat is scheduled for Q4 2019 and a near-term grant of the TJHSPF application is essential to meet the current launch integration timeline. TJHSPF therefore respectfully requests grant of the above-referenced application at the earliest practicable time.

Please do not hesitate to contact me with any questions regarding this matter.

Respectfully submitted,

Carlos M. Nalda
