Subject: Request for Info - File # 0950-EX-CN-2018

Message:

In response to the above referenced correspondence, Thomas Jefferson High School Partnership Fund ("TJHSPF") confirms that the companion Iridium application is File No. 0553-EX-CN-2019 and that it has completed coordination.

TJHSPF also confirms a change in the planned launch date of the TJREVERB experimental satellite. TJHSPF expects the satellite to be launched in April 2020 and deploy from the International Space Station in June 2020. Therefore, TJHSPF respectfully requests an expeditious grant of this application (to enable launch integration in Q1 2020) with a operational start date of June 1, 2020.

Respectfully submitted,

Carlos M. Nalda
