

3/27/98

▪ Dear CLaudette,

I know you prefer that we return filings with money to the applicants, but I think this applicant needs more help than I'm authorized to offer by letter.

I didn't want to process the processable portions of this in case the acceptability depended on his STA requests, which are not processable without 159's.

Please let me know if I should have returned this to Tideland Signal.

Thank you,
