Subject: Request for Info - File # 0748-EX-CN-2026

Message:

Dear Ms. Nguyen, The application has been further amended to specify a center frequency of 17150 MHz for the 17100-17200 MHz band on each antenna record, in place of the full range. The associated 100MQ3N emission designator is unchanged. Please let us know if any additional information would be helpful.
