(Attention: Wholesale Lockbox Shift Supervisor)

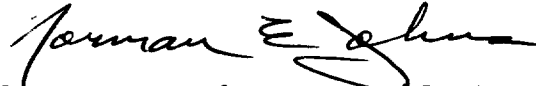

Dear Sirs:

We are submitting application for an experimental permit in the 2.5 to 2.7 GHz band. Details and application fee are enclosed.

Engineering and system design have been completed. Funding arrangements are in place and we await eagerly your favorable consideration.

If any additional information is needed, please advise.

Thanking you,

A handwritten signature in dark ink, appearing to read "Norman E. Johns", with a stylized flourish at the end.

Norman E. Johns, President
