Subject: Request for Info - STA File #0143-EX-ST-2016

Message:

The portion of your requested band from 1775-1780 MHz is in the newly auctioned Advanced Wireless Services (AWS) band. You would need to get consent of the auction winner in the Camp Roberts, CA area to operate in that band. The remainder of your request from 1780-1815 MHz is all federal spectrum and would not need consent of the AWS licensee. Do you still wish to operate in 1775-1780 MHz?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of February 05, 2016 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
