Message:

Please address the following items:

1. NTIA may allow this evaluation if the proponent provides better technical explanation for the purpose and configuration of this airborne communications relay.
2. NTIA needs to know if this UAS communication system is strictly for military use, or if civil air traffic control will be involved.
3. Does this communication system provide voice communications, or is it data? Specifically, will the relay provide command/control for the UAS?
4. What UAS platform is being used for this evaluation?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of July 13, 2016 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
