Subject: FCC File No. 1126-EX-ST-2014

Message:

Applicant: Ultra Technologies, Inc
File Number: 1126-EX-ST-2014
Correspondence Reference Number: 26163

Thank you for looking at this request so quickly.

In response to additional coordination with the below organizations:

1. Please prior coordinate using frequency bands 2310-2320 MHz and 2345-2390 MHz with The Aerospace and Flight Test Radio Coordinating Council "AFTRCC". Please submit your coordination as correspondence to this E-Mail.

2. Please prior coordinate and obtain consent letter using frequency band 2320-2345 MHz with SiriusXM

Can we modify our request for STA to exclude 2310-2390MHz? Our target frequencies for operation are more than likely going to be 2150MHz and 2200MHz (Primary and Backup). I can include local frequency coordinator correspondence on the website.

Thank you for all your help with this STA.

-Marty
