

# The International Amateur Radio Union

Since 1925, the Federation of National Amateur Radio Societies  
Representing the Interests of Two-Way Amateur Radio Communication

**Qubescout S1**

**10 December 2012**

**Steven Buczkowski KB3RRJ**

Dear Steven

Thank you for the frequency coordination request. The panel has discussed the application for satellite frequency coordination and has coordinated the frequency as requested

Downlink/Uplink                      437.525 MHz

I understand that the launch will be in March/April 2013. Please keep us informed of the final launch date

Please note that all frequencies in the amateur satellite service are shared frequencies. We have attempted to make the best possible selection for your project.

You are also referred to the ITU requirements for satellites. We have prepared an easy reference document which is available on [www.iaru.org/satellite](http://www.iaru.org/satellite), it will assist you to comply with the ITU requirements for Amateur satellites.

Please also read the attached "controlling satellites" document.

Best wishes for a successful project. Please keep us up to date with developmenets.
