Message:

I am writing to respectfully request a status update on our FCC Form 442 application for a experimental license.

On April 22, 2026, we uploaded the requested supplemental information to the ELS portal to address the recent correspondence inquiry. We want to ensure that the uploaded exhibits were received successfully and contain all the information necessary to resume the review process. Any information you can provide regarding the current status or next steps would be greatly appreciated and we will respond as soon as possible.

Thank you for your time and assistance.
