To Aidan Gesch KJ5MKH

Dear Aidan,

In response to your coordination request I confirm the IARU frequency coordination for your satellite **BAMA-2**  
Coordinated frequency for up- and downlink 437.460 MHz, emission designator 3K60F1D, EIRP 29.78 dBm max.

Planned launch date: April 2027, followed by deployment from ISS  
Licensing administration: USA  
Planned Height and Orbit: Low Earth Orbit.  
Earth Command station: KJ5MKH.

IARU has coordinated frequencies in a bands allocated to the amateur satellite service. All frequencies in the amateur satellite service are shared frequencies. Please inform me about the final launch date and the API number as soon as that information becomes available. IARU encourages you to notify your satellite within one month after successful deployment.

Best wishes for a successful project.

Hans Blondeel Timmerman  
IARU Satellite Advisor
