

FCC ELS Application Data for the HAARP IRI
FRN: 0025173931
File Number: 00136-EX-PL-2016

Exhibit: Application Question 4, Government Contract Fulfillment

1/22/2016

Transmissions will be used to fulfill the requirements of research grants from various government agencies. It is anticipated that the majority of support will come from the National Science Foundation. The research will investigate the interaction of high-power radio transmissions with the ionosphere.
