Yes, we would still like to have an STA license for this application.

We would like the start date to begin as soon as possible, so

Start Date = July 16, 2007

End Date = November 30, 2008

The Emission Designator for 24700, 25100, 25500, 25900 (KHz) locations in Nanwalek and Anchor Point, AK, should be 170KP0N.

Thank you!
