Date: 3 August 2021

To Vidish Gupta KN6NKP

Dear Vidish,

In response to your coordination request I confirm the IARU frequency coordination for **QubeSat**.

For up and downlink 437.740 MHz, emission designator 12K0F1D, downlink EIRP 30.4 dBm

Planned launch date 15 December 2021

Licensing administration: USA.

Telecommand station: NU6XB.

Planned Height and Orbit: apogee 500 km, perigee 500 km, inclination 41 degrees, period 95 minutes.

IARU has coordinated frequencies in bands allocated to the amateur satellite service. All frequencies in the amateur satellite service are shared frequencies.

Please inform me about the launch date and the API number as soon as that information becomes available.

Best wishes for a successful project.
