Subject: Request for Info - File # 0711-EX-CN-2026

Message:

Dear Ms. Nguyen, Thank you for your review and feedback. We have addressed your comments with the following actions: - The NTIA Space Record Data form (GRATTIS-TN-101_Rev C) has been updated to reflect the S- and X- band original selected center frequencies, and the S-band necessary bandwidth was updated to match the Form 422 S-band bandwidth for the emissions designator - The GRATTIS Part 422 Application S- and X-band upper and lower frequencies have been updated to match the NTIA Space Record Data center frequencies w/ necessary bandwidths - The GRATTIS team has requested NTIA pre-coordination with NASA and are in-progress. We greatly appreciate your time and consideration regarding our application. Please let us know if you have any additional feedback.
