Subject: Request for Info - File # 0577-EX-CN-2020

Message:

Hello,
We have uploaded the confirmation letter from NOAA, the project narrative from form 442, and the signed ODAR.

I am unable to upload the SpaceCap document. I have tried .accdb, .mdb and the system will not accept it. Is there a different way I can submit it? We have recreated the file different times and it still gives an error when submitting.

The IRAU is discussing our application right now.

Thank you for your time and please let me know how we can submit the Access database space cap file. We will send the approved NOAA and IARU applications as soon as we receive them. If I am missing anything please let me know.

Thank you,
David
