---

Message:

Thank you for reaching out to confirm the geographic area. Yes, the Technology Bridge is an annex to the main University of Houston campus that was purchased in 2009 and is administered and served by the Office of Real Estate Services, UH Facilities, and the UH Police Department. An online map of the University of Houston, including the Technology Bridge east of the main campus, can be found at <https://www.uh.edu/maps/>. Our proposed location is in the parking area south of the building labeled "Technology Bridge 13". We also maintain workspace and storage in Buildings 7 and 14 in the same complex. Thanks, James Flynn Research Associate Professor
