Subject: FCC File No. 0422-EX-PL-2013

Message:

In light of the IARU letter, IB would like more detailed description on how the satellite works including the software defined radio. Also, how the applicant plans to avoid interference to other satellites that may operate on the same frequency or adjacent frequencies that may be in the footprint of the ground station. Further, please submit confirmation (in writing) that the satellite is capable of immediate cessation of radio emissions via telecommand.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of July 01, 2013 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
